

Data Collection and Preprocessing Phase

Team ID	MCA
Project Title	Smartphone Usage, Digital Addiction & Well-Being Analytics
Maximum Marks	2 Marks

Data Collection Plan & Raw Data Sources Identification Template

Elevate your data strategy with the Data Collection plan and the Raw Data Sources report, ensuring meticulous data curation and integrity for informed decision-making in every analysis and decision-making endeavor.

Data Collection Plan Template

Section	Description
Project Overview	The project aims to analyze smartphone usage patterns, digital addiction indicators, lifestyle habits, and well-being factors. The analysis will focus on variables productivity, and demographic characteristics.
Data Collection Plan	Relevant data will be collected from publicly available datasets such as Kaggle and other reliable open-data sources. The selected datasets will contain structured information related to smartphone usage, digital addiction, and user well-being.
Raw Data Sources Identified	1. Public smartphone usage dataset – contains information about screen time, application usage, and user behavior. 2. Digital addiction dataset – contains addiction/dependence indicators and related usage patterns.

	3. Well-being/lifestyle dataset – contains information such as sleep, physical activity, stress.
